

Northwest OH WK #8
week ending Dec. 25, 2008

Friends in Northwest Ohio.

OHEJ allies like you made it clear in the EJ forums we held in 2007 that public notice in places people actually see/read is important. OHEJ allies have taken these citizen recommendations to OEPA, and are working for reform in this area. Stay tuned!

The information below is provided in order for you to see what is going on in Northwest Ohio. You will notice that some things have been highlighted to draw your attention to these items.

We used **(PN)**, Public Notice, to let you know that the action was in the Public Notice section of the OEPA web page. Be aware, though, that this does NOT verify that it appeared in your local paper. Often notice is made but not in places or publications that most people read. You should watch your local paper for the next week and if it does not appear in the paper you should call the agency to ask why. I have seen this happen again and again. Remember some of these actions are required by law to appear in your paper. Actions highlighted as **(NPN)** means that the action did not appear on the agency web page as being public noticed. It would be a good idea to watch for these in the coming week to see when and if they appear as **(PN)**.

We used **yellow** to highlight applications received by the agency. THIS IS VERY IMPORTANT. THIS IS THE TIME TO CONTACT THE AGENCY. This may be the one and only chance to make sure a permit is issued in "draft". Call your local agency and tell them that you are requesting the action be "draft".

We used **green** to high "draft" actions. THIS IS VERY IMPORTANT, AS THIS IS THE ONLY TIME THAT CITIZENS CAN HAVE AN IMPACT ON THE PERMIT other than to appeal to the Environmental Appeals Review Commission. You have 30 days to make comment to the agency or ask for a public hearing. You should call the agency and request a copy of the draft action to get a better understanding of what is planned for your community.

We have used **RED** highlights to show how many actions of the Ohio EPA are being done as "Final Actions". This means that these action were not issued as "draft" and therefore there was no a chance for citizens to have any input into the decision for their community. There is little that citizens can do about this except to appeal to Environmental Appeals Review Commission.

Key, **(PN)**=In Public Notice. **(NPN)**=Not in Public Notice. **Yellow**= Application for new permit received **Green**=Pending draft action, pay close attention. **RED**=Final permit no chance for public comment.

Factory Farms NOTHING LAST WEEK.

Public meetings for Dec. 2008: NONE LISTED LAST WEEK.
