

Northeast OH 2 WK 16
 week ending Feb. 19, 2009
 Friends in Northeast Ohio.

OHEJ allies like you made it clear in the EJ forums we held in 2007 that public notice in places people actually see/read is important. OHEJ allies have taken these citizen recommendations to OEPA, and are working for reform in this area. Stay tuned!

The information below is provided in order for you to see what is going on in Northeast Ohio. You will notice that some things have been highlighted to draw your attention to these items.

Key, (PN)=In Public Notice. (NPN)=Not in Public Notice. Yellow= Application for new permit received
 Green=Pending draft action, pay close attention. RED=Final permit no chance for public comment.

Friends in Northeast Ohio.

OHEJ allies like you made it clear in the EJ forums we held in 2007 that public notice in places people actually see/read is important. OHEJ allies have taken these citizen recommendations to OEPA, and are working for reform in this area. Stay tuned!

The information below is provided in order for you to see what is going on in Northeast Ohio. You will notice that some things have been highlighted to draw your attention to these items.

We have used **RED** highlights to show how many actions of the Ohio EPA are being done as "Final Actions". This means that these action were not issued as "draft" and therefore there was no a chance for citizens to have any input into the decision for their community. There is little that citizens can do about this except to appeal to Environmental Appeals Review Commission.

Key, **(PN)**=In Public Notice. **(NPN)**=Not in Public Notice. **Yellow**= Application for new permit received **Green**=Pending draft action, pay close attention. **RED**=Final permit no chance for public comment.
